FINANCIAL FREEDOM IS POSSIBLE

With inflation rates rising and the threat of global market collapse, the world is in a more financially weakened state than ever before. Americans have amassed more than 16 trillion dollars in debt, and many don't see a way of ever paying it off. More than half of Americans live paycheck to paycheck and have no retirement plan.

Friend, we have to make a CHANGE!

As someone who lived in financial bondage for years, trust me when I say, I have been there. I understand the feeling of hopelessness this type of bondage can bring. This is something we cannot allow to take over our churches and the people who enter our doors every Sunday. IT IS TIME to take back finances for the Kingdom of God and His people. It is time to start a revolution!

When you join the revolution, you are inviting my team and me to bring the teachings that God showed me all those years ago in combination with over 20 years of experience in the financial world. I know this works because it worked for me! God delivered me from the bondage of debt and showed me how to live a life of freedom.

Now, we have seen thousands of people delivered from debt and millions upon millions of dollars saved in interest as we watch people walk out their financial freedom! I want to help individuals and churches all around the world fix the money thing! You may be wondering, what's the catch? Friend, there isn't one. My conferences are completely free! Let me repeat myself: the teachings and the debt plans for YOUR entire congregation are FREE.

I know how badly this needs to get out, and I need your help to bring this life-changing message of the Kingdom forth. As pastors, we must come together to free God's people and put that extra money saved from payments into the Kingdom of God. Just imagine the ground we could take together!

From one pastor to another, I want to say thank you for what you are doing and the sacrifices that you have made to get there. I am passionate about seeing you and your church grow and win financially and spiritually. I wholeheartedly believe a financial revolution will spark. Thanks again for taking the time to consider if this is right for your ministry. I look forward to being with you soon!

DEBT FREEDOM IS POSSIBLE

Debt steals the the joy and excitement of life, forces people to work in jobs they hate, and takes away their options.

I've been there.

I was in a financial pit. On antidepressants, dealing with panic attacks, and trying to cope with the hopelessness of my situation, I was a modern-day slave to debt.

Today's slaves live in houses they don't own, drive cars they don't own, and buy clothes with their Visa cards, which they never pay off. They use debt to go to school, furnish their homes, and even buy food.

Pastor, it is a terribly sad fact, but most of the people in your church are likely slaves to debt!

FINANCIAL SLAVERY IN AMERICA – DEBT AS A WAY OF LIFE

- **57%** of people do not have \$1,000 in the bank.
- **44%** cannot pay an unexpected \$400 bill.
- **23%** of Americans cannot pay their monthly bills.
- **43%** of Americans struggle just to barely pay their bills.
- **49%** make less than \$30,000 a year!
- **49%** of American families can't cover one month's living expenses if they lose their income.
- **73%** of people in the United States die still in debt.
- There are roughly **1.2 billion** active credit cards in use in the United States.
- Today, there are about **20,000** different cards available in the U.S.
- **40%** of American families annually spend more than they earn, and **90%** buy things they can't afford.
- **80%** of graduating college seniors have credit card debt.
- **60%** don't pay off their credit cards every month.
- **80%** mistakenly believe their standard of living will go up at retirement.
- **70%** of college graduates have student loan debt, and **44 million** Americans are currently still paying on student loan debt!
- Consumer debt keeps setting new records – **\$4 trillion** at the end of 2018!

“

THE RICH RULE OVER THE POOR, AND THE BORROWER IS SLAVE TO THE LENDER.”

– PROVERBS 22:7

The Bible says debt is ROBBING God's people!

There are answers.

God taught me how to win my war against debt and live financially free, and He can help you and your people as well.

As a pastor, my heart is for YOU and the local church.

That's why we started what we call Fixing the Money Thing Events and Financial Revolution Conferences.

These events are designed to help people break free from debt and live free financially.

We've taught this material to hundreds of thousands of people in both the U.S. and in other nations for more than 26 years, and we've seen the dramatic financial and spiritual impact this revolutionary teaching has had on the lives of believers and on the finances of the churches they're a part of as, together, they break free from the life-choking slavery of debt.

We help propel the vision of local pastors for their churches by helping their people, and we can help propel your vision for your church by helping your people.

FREQUENTLY ASKED QUESTIONS

@GARYKEESE

@GARYKEESE

@GARYKEESE

We believe that any family can be **COMPLETELY** out of debt in five to seven years, usually without changing their income! Yes, including their home mortgage!

IS THERE AN HONORARIUM OR SPEAKING FEE?

Gary pays for all travel and lodging expenses. At the close of the last session, Gary will encourage the attendees to release their faith, and an offering will be collected for your ministry. We do ask that you set the measure for an honorarium.

HOW WILL THIS AFFECT MY CHURCH?

In one church of 200 members that hosted a Your Financial Revolution Conference, our Money Coaches freed up an average of \$810 a month per family to pay off debt. Of the members we worked with in the church, we were able to free up \$176,000 per month. If all of these families complete the debt elimination plan according to the amortization schedules our Money Coaches created for them, it will save them over \$28,000,000 in interest payments. As you can imagine, this significant savings has a tremendous impact on the financial health of a church. This is the kind of dramatic spiritual and financial impact we hope and work for in every church that hosts a Your Financial Revolution Conference or another Fixing the Money Thing Event.

WHAT IS THE TYPICAL FINANCIAL REVOLUTION CONFERENCE AGENDA AND FORMAT?

Having led more than 200 conferences, Gary knows the most impactful format for a ministry is a live event, during which he teaches five 45-minute sessions. Session 1 will be Sunday morning, Sessions 2 and 3 will be Sunday evening, and the conference will conclude with Sessions 4 and 5 on Monday evening. Although a five-session conference is the most impactful, the Financial Revolution Conference is able to fit anywhere in your church life. After you submit your request for an event, other format options can be discussed. At the conference's conclusion, Money Coaches will be available for each household with an interest in completing a debt plan.
